July 9 – 12, 2024

Ancient Olympia, Greece

[Harvard's Center for Hellenic Studies in Greece and the US](#) (CHS), the [International Olympic Academy](#) (IOA), and the [Region of Western Greece](#), in collaboration with the [University of Patras](#) and the [Stark Center for Physical Culture and Sports of the University of Texas at Austin](#), and with the support of [AEGEAS Non-Profit Civil Company](#), offer the Sport and Education Program: From Ancient Olympia to the Present. The Program will be held between **9-12 of July 2024**, at the **premises of the IOA in Ancient Olympia**.

Description

Building upon the highly successful collaboration of institutions and the important academic legacy of the dozen Symposia on Sports, Society, and Culture that preceded it, the program will bring a diverse body of students and faculty together in Olympia, the birthplace of the Olympic Games, to examine how sport shaped ancient models of knowledge, and how, in turn, the ancient athletic-knowledge complex, known as paideia, served as a model for modern universities and professional sports.
